

**GSA Commercial Solutions Opening (CSO)
Department of Health and Human Services (HHS)
Centers for Medicare and Medicaid Services
(CMS) Artificial Intelligence for Regulatory
Streamlining Pre-Award Fact Sheet Contract
Number: 47QFCA20C0011**

Summary

The scope of this acquisition is to provide the sponsoring customers, CMS and GSA Technology Transformation Services (TTS) Artificial Intelligence (AI) Center of Excellence (COE), a Software as a Service (SaaS) based solution with integration support for federal agency staff to modernize regulatory workflows. This may require minor agile software development in order to meet agency specific security requirements and or implement workflow processes unique to integrating and modernizing client agency sub regulations in the out years of performance. More specific requirements include:

- Providing licenses, configuration, and professional services support in deploying Deloitte's RegExplorer AI-enable regulatory streamlining software for CMS,
- Providing licenses and configuration support in deploying Esper's end-to-end policymaking management software to CMS, and
- Providing optional support to future TTS AI COE customers:
 - Additional RegExplorer licenses
 - Additional Esper licenses

These software licenses will include:

- Document reference features like tracking, keyword searching, identification, collection, categorization, indexing, and document markup/tagging,
- AI features like prediction for regulatory burdens and associated costs of regulatory administration, and outdated regulation and broken link flagging,
- Natural Language Processing (NPL) specifications like identification of similar documents, key terms, frequency, and correction of mislabeling, text based clustering, topic discovery, and allowance for manual/automated tagging, and
- Cloud based potential to obtain FedRAMP authorization/ATO.

Acquisition Team

- Chris Hamm – Acquisition Innovation Advocate/FEDSIM Director
- Angie Donahoo – Group Manager
- Johnny Montgomery – Contracting Officer

- Connie Song – Contract Specialist
- Gary White – Project Manager
